EDUCATION

Rhode Island School of Design (RISD) **Providence, RI**
BFA – Industrial Design *Expected Graduation: June 2028*

SKILLS

Design: 3D CAD Modeling, Rapid Multi-Material Prototyping, 2D Sketching & Technical Drawing, FDM/SLA 3D Printing, Laser Cutting, Wood & Metal Fabrication, Silicone Molding, Vacuum Forming, Graphic Design, Mechatronics, DFM
Software: Rhino 8, SolidWorks, Fusion 360, KeyShot, Adobe CC, Generative AI, Figma, Unity
Languages: Native proficiency in English, French, and Mandarin

DESIGN EXPERIENCE

RISD CAD Lab **Providence, RI**
CAD Lab Technician *Feb 2026 – Present*

- Consult students on CAD slicing and file optimization for laser cutting, FDM and SLA 3D printing (Bambu Lab, Prusa systems, Formlabs, Universal Laser Systems) in diverse materials, including PLA, TPU, ABS, Nylon, Resin, and PETG.
- Maintain 100% operational reliability for a high-volume rapid prototyping ecosystem of 50+ weekly student projects by executing hardware troubleshooting, routine machine maintenance, and enforcing strict safety protocols.

RISD & BROWN Design For America (DFA) **Providence, RI**
Team Lead, Accessibility Team *Sep 2026 – Present*

- Lead a year-long human-centered design project targeting mobility and fine motor barriers for the aging population, recruiting a multidisciplinary team of designers and engineers across Brown and RISD to deliver a high-fidelity functioning product.

Industrial Designer, Health Team *Sep 2025 – Present*

- Collaborate with Yale and Brown Medical School experts to identify critical gaps in current endotracheal intubation training models, designing a modular model that simulates diverse pathologies to improve resident readiness.
- Execute rapid multi-material prototyping across 40+ iterations using FDM and SLA 3D printing, Arduino mechatronics, silicone molding, and woodworking, optimizing for cost reduction and functional testing toward a patentable proof of concept.
- Secured $1,400+ in prototyping grants to fund a 7-person medical design initiative.

ShareBot (AGIBOT Innovation Technology Co., Ltd) **Shanghai, China**
Design Intern | $1B Humanoid Robotics Unicorn, Robot-as-a-Service (RaaS) *Jul 2026 – Aug 2026*

- Designed a custom AGIBOT X2 humanoid robot helmet for the "Booming Night" launch and an interactive "Cool Pup" race track deployed across 500+ commercial malls across China, designing for manufacturing and budget constraints.
- Created UX/UI layouts for the official ShareBot JD e-commerce platform, conceptualized the "Xing Qing" IP, leveraging generative AI workflows for marketing assets of B2B/B2C services, contributing to $3M+ in monthly RaaS revenue.

Day–Guard **Providence, RI**
Design & Creative Marketing Intern | Brown University Health Startup, Featured in Forbes *Jan 2026 – Apr 2026*

- Designed and implemented digital marketing creatives that expanded the follower base by 54% (3,400 to 5,240+) and generated 100,000+ organic views through data-driven graphic design optimization.
- Directed product photoshoots and leveraged generative AI (Kling, Nano banana, GPT Image 2) to produce high-impact static graphics and promotional videos, adhering to established design language and brand identity to enhance visual storytelling.

Stellantis **Shanghai, China**
Automotive Design Intern *Jun 2025 – Aug 2025*

- Owned the end-to-end design of "Snow Trace" Jeep Wrangler for a 150-vehicle production run in the Japanese market, created 30+ unique proposals and 100+ digital assets, and navigated 5 rounds of client feedback for global approval.
- Rendered high fidelity liveries for the Alfa Romeo 115th Anniversary Giulia, adapting heritage Daytona T33 decals.
- Informed product development of future Jeep off-road vehicles across technology, comfort, and modular design features by analyzing and presenting comprehensive global market research to the Jeep China team.

AWARDS & INTERESTS

- **Awards:** 2024 Scholastic Arts & Writing Awards National Gold Medalist & American Visions Award "Anti-Tremor Cup" (Top 1% of 340,000 global submissions).
- **Interests:** CSIA L2 Ski Instructor, Black belt 1st Dan Taekwondo, OFSAA Long Jumper, RISD Basketball Team, Freelance Painter & Artist, RCM L8 Piano.
